Welcome to the 2010 MSC Conference web site. Our theme this year is *"R U Ready"? Preparing Contingencies in an Age of Uncertainty*. The theme asks are you and your business/organization prepared for any critical incident that could possibly have devastating affects on your business/organization. As security professionals, we intend to assist in making you *"Ready"*.

We are excited about the training that we are planning to offer you at the 2010 conference. We are planning events related to emergency preparedness. Such events include the following (tentative):

- *Tabletop Exercise*
- *Incident Command Structure*
- *After Action Reports*

These are just a few topics we will be covering at the 2010 MSC. Our "Schedule" section of the web site will be updated as the 2010 MSC nears. The "Registration" page is open and available for registering now, for what we believe will be one of the best conferences yet.

The conference is March 8 -9, 2010. Additional information can be found at www.midwestsecurityconference.com

Thank you so much for your interest and involvement in the MSC and we look forward to seeing you at the 2010 MSC.

Sincerely

*Phillip Denne
2010 MSC Chairman*
